

HAWAII ARTIST
COLLABORATION

2025 Charity Art Auction

Collective Vision. One of a Kind Art.

Saturday Nov 8th, 4pm-7pm

HawaiiArtistCollaboration.org

COLLABORATION, The 2024 Hawai'i Artist Collaboration Charity Art Auction is just around the corner! Get your tickets and look forward to an unforgettable art experience! Immerse yourself in a vibrant atmosphere filled with creativity and talent, meet artists from around the world, and take home a masterpiece of your own. All of this, while making a difference for art in the schools, local art programs and scholarships.

The Hawai'i Artist Collaboration is a non-profit organization dedicated to creating opportunities for artists and arts organizations to integrate collective knowledge, experience, and resources for the benefit of our communities and society as a whole. Each year, as many as 40 master artists from throughout Hawaii, and around the world come together to create unique and breathtaking artworks throughout the five day Hawai'i Artist Collaboration.

The artwork produced during collab is offered for sale at our annual charity art auction. Proceeds from art sales and ticket purchases help fund art supplies for classrooms through our Art Educator's Fund as well as providing scholarships and supporting future educational and collaboration events. Hawai'i Artist Collaboration has partnered with Ace Hardware to provide materials for art teachers. The Collab has raised \$40,000 as of 2024 for art supplies in classrooms.

Another core purpose behind collab is to re-invigorate and reconnect professional artists and teachers via an in depth gathering to share skills and experience that can be taken back to enrich their communities. Keeping this gathering going is very important as there is no other equivalent and the effects are described as profound, life altering, career milestones. This process directly builds community connection and opportunity far beyond the collab experience.

Hawai'i Artist Collaboration has inspired Collab events in Volcano, and in 2023 Collaborators Adare and Aspen Dewy started the first Abled Hawai'i Artist Collab event in Hawaii. We also inspired and participated in the first county arts summit and gave the keynote presentation at the second summit with the goal of providing more opportunities for at-risk kids and creating a vibrant arts economy on the big island. Hawai'i Artist Collaboration is also consulting with the county on island wide arts installation ideas.

Hawai'i Artist Collaboration made funds available for the Maui fire shelters who provided housing and therapy for children affected by the fire. We built school desks for kids who were learning at home during covid. We have given supplies to public, private, and charter schools and have been able to help with numerous startups and county programs. In 2024 we awarded two grants for the purpose of training teachers to use collaborative strategies in their curricula and classrooms. The Collab also provides travel and scholarship help to participating artists who give so much of their time and talent.

This is all possible because of the incredible support we receive from the community and from each of you. Please join us for this year's Charity Art Auction on November 8th, 2025. Don't miss this opportunity to support the local art community and take home some incredible art. Together we can make a difference for art in the schools and local art programs!!
